

GAS INNOVATIONS

INDEPENDENT WHOLESALE SUPPLIER OF INNOVATIVE PRODUCTS & SERVICES

CYLINDER SERVICES:

CYLINDER UT REQUALIFICATION STEEL AND ALUMINUM CYLINDERS

At Gas Innovations, highly trained personnel use semi-automated processes to perform DOT requalification tests on all 3A, 3AA and 3AL cylinders 4" to 10" diameters.

Hands-on training and certified classroom training equip our employees to provide exceptional service for cylinders based on DOT regulations, CGA guidelines and our own stringent internal procedures.

- Gas Innovations has 4 level 2 certified operators.
- Capacity of 300 to 400/day
