

GAS INNOVATIONS®

Oil Extraction Refillable Cylinders

Low pressure cylinder packages developed specifically for refrigeration & oil extraction applications. Cylinders are refillable and DOT compliant.

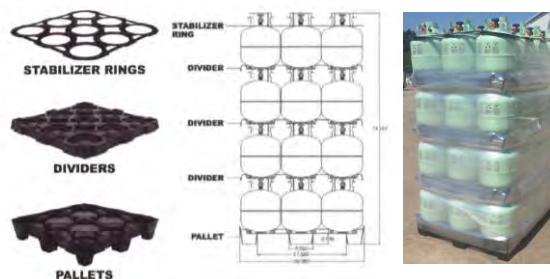

- ✓ DOT Approved (4BA240)
- ✓ Liquid Withdrawal Dip Tube
- ✓ CGA 510 Diaphragm Valve
(Liquid Withdrawal Only)

LP 5 Cylinder

Product Description	Part Number	Net Contents	Purity
Propane (R290)	RS20 Propane	20 LBS	99.5%+
Butane (R600)	RS20 n-Butane	24 LBS	99.5%+
IsoButane (R600a)	RS20 IsoButane	23 LBS	99.5%+
70%/30% Mix (R600/R290)	RS20 70/30 Mix	20 LBS	99.5%+

*Pallet Quantity: 48 Cylinders

LP 239 Cylinder

Product Description	Classification	Net Contents	Purity
Propane	R290	100 LBS	99.5%+
Butane	R600	120 LBS	99.5%+
IsoButane	R600a	116 LBS	99.5%+
70%/30% Mix	R600/R290	114 LBS	99.5%+

*Pallet Quantity: 9 Cylinders

* Larger Sizes & Bulk Orders Available

Gas Innovations is a leading wholesale supplier in high purity hydrocarbons and specialty gases.
